

# The State Savings Bank of Victoria.

HEAD OFFICE,

139-149 ELIZABETH STREET,

MELBOURNE, 31st August, 1924.

In view of the warm interest taken by the teachers in encouraging the children, who are attending school, to practise habits of thrift and self-denial, I am glad to enclose a statement showing the figures relating to the School Banks established in Victoria, from which it will be observed that the efforts of teachers have resulted in the opening of 445 new School Banks during the year ended 30th June, that the number of children who have accounts has increased from 32,100 to 61,547, and that the amount at their credit is now £57,486 13s. 1d. as compared with £30,520 6s. 3d. twelve months ago—an increase of £26,966 6s. 10d. in that period.

The value of School Banks in schools cannot be overestimated; for thrift performs an important function in building up the character of the young, and it lays the foundation of success in after life. The help, which the teachers are so generously giving, must earn the approbation of all who take an interest in the welfare of the community; personally I desire to express my warm appreciation of this assistance in the effort to inculcate habits that will make good citizens of the children under their care.

Following the usual practice, a supply of Christmas gifts will be sent to each School before the December vacation for distribution among the scholars who have opened accounts in the bank.

GEO. E. EMERY,

General Manager.
